Give your students a complete survey of Mexico with this comprehensive text. It includes a map and country time line, as well as information on the country's geography, history, people, culture, government, and more! Vibrant, explanatory passages are followed by review questions and reproducible activity pages; a complete answer key is also included. Mark Twain Media Publishing Company specializes in providing captivating, supplemental books and decorative resources to complement middle- and upper-grade classrooms. Designed by leading educators, the product line covers a range of subjects including mathematics, sciences, language arts, social studies, history, government, fine arts, and character. Mark Twain Media also provides innovative classroom solutions for bulletin boards and interactive whiteboards. Since 1977, Mark Twain Media has remained a reliable source for a wide variety of engaging classroom resources. Write on! Write with students in grades 5 and up using Writing: Fundamentals for the Middle-School Classroom. This 128-page book helps students learn how to express themselves through writing. It provides open-ended lessons of personal writing, descriptive writing, short stories, poetry, and reports. This excellent classroom supplement also includes chapters arranged in order of increasing difficulty and activities that allow students to choose their own writing topics. It supports NCTE and IRA standards. Guide students toward a healthy lifestyle, both physically and financially! This revised and expanded edition adds much more information on work ethic, nutrition, and exercise; updates the sections on sexually transmitted diseases and drugs; and includes completely new sections on preparing financially for the future. Graphic organizers, self inventories, puzzles, real-life situations, and cloze activities provide creative opportunities for students to assess their own lifestyles and make good choices for the future Connect students in grades 5 and up with science using Confusing Science Terms. This 80-page book helps students differentiate between confused word pairs or triples and perplexing science terminology. The book includes terms from the areas of physical, life, earth, and space science. It encourages students to use a science vocabulary journal to construct their own meanings for confusing terms, write sentences using the terms, and create visual representations for them. Students increase their knowledge and understanding of science concepts through vocabulary building while improving science literacy. This book includes decoding activities and alternative methods of instruction, such as hands-on and small-group activities, games, and journaling, which allow for differentiated instruction. The book supports National Science Education Standards. Book designed to help teachers understand their students as readers. Provides direction in giving students comprehension strategies and preparation for test taking. Literacy in History and Social Studies: Learning Station Activities to Meet CCSS builds student interest, allows for inquiry, and increases student achievement. Includes Common Core State Standards matrices. Can be used for center activities, whole-class instruction, or individual assignments. History and Social Studies topics include: Civil War, Westward Migration, Immigration, Women's Suffrage, and Citizenship: Rights and Responsibilities. --Mark Twain Media Publishing Company specializes in providing captivating, supplemental books and decorative resources to complement middle- and upper-grade classrooms. Designed by leading educators, the product line covers a range of subjects including mathematics, sciences, language arts, social studies, history, government, fine arts, and character. Mark Twain Media also provides innovative classroom solutions for bulletin boards and interactive whiteboards. Since 1977, Mark Twain Media has remained a reliable source for a wide variety of engaging classroom resources. Connect students in grades 5-8 with science using General Science: Daily Skill Builders. This 96-page book features two short, reproducible activities per page and includes enough lessons for an entire school year. It provides extra practice with physical, earth, space, and life science skills. Activities allow for differentiated instruction and can be used as warm-ups, homework assignments, and extra practice. The book supports National Science Education Standards. Support students' learning, memory, and test-taking abilities using Improving Study and Test-Taking Skills for grades 5 and up. This 96-page book provides students with tips on organization and study skills through lessons based on scientific and professional literature. Topics include budgeting study time, motivation, health, learning and remembering new information, and different test types. This resource also includes teacher tips, cross-curricular activities, and a complete answer key. U.S. States and Territories Maps complements any social studies curriculum by offering high-quality maps and worksheets that reinforce necessary geographical knowledge. Maps and blank worksheets are included for all 50 states and the five US territories, as well as for the United States as a whole. --Mark Twain Media Publishing Company specializes in providing engaging supplemental books and decorative resources to complement middle- and upper-grade classrooms. Designed by leading educators, this product line covers a range of subjects including math, science, language arts, social studies, history, government, fine arts, and character. The World Governments workbook explores how governments are formed, what institutions and processes are needed to sustain a government, and how governments around the world are similar and different. World Governments compares 13 nations and governments from around the world. Each nation is profiled with information about the country, a brief summary of the type of government, and a discussion of current issues that are important to the nation. The reading selection is followed by review exercises that include matching, fill-in-the-blank, and critical thinking exercises. This workbook is correlated to current national, state, and provincial standards. Mark Twain Media Publishing Company specializes in providing engaging supplemental books and decorative resources to complement middle- and upper-grade classrooms. Designed by leading educators, the product line

covers a range of subjects including mathematics, sciences, language arts, social studies, history, government, fine arts, and character.
